

Comparing access to new drugs in Canada's public and private sector drug plans.  
2013 Annual Report.

## **Description**

### **Author: CHPI Annual Report**

How good is your drug insurance coverage? It depends on where you live and whether you are publicly or privately insured. This annual study compares access to new medicines for patients covered under each of the 11 federal and provincial public drug programs across Canada, as well as between public and private-sector drug plans.
